SUMMARY

Technology Analyst with over 3 years and 7 month of experience as .NET Developer, with a strong focus on optimizing Continuous Integration/Continuous Deployment processes, improving application performance, and delivering innovative solutions. Actively seeking opportunities to contribute to organizational success while advancing my professional growth.

WORK EXPERIENCE

TECHNOLOGY ANALYST, INFOSYS   JUL 2024 - PRESENT
Project: The Open University
Responsibilities:

- Experienced in Agile practices, code reviews, peer testing, and mentoring to foster team growth. Focused on hands-on coding, efficient production deployments, and post-deployment monitoring.

Tech Stack: C#, ASP.NET (MVC, Web Forms), Azure DevOps (CI/CD),MsSql,WebAPIs,SOAP,REST, Javascript

SENIOR SYSTEM ENGINEER, INFOSYS   JUL 2021 - JUN 2024
Project: The Open University
Responsibilities:

- Managed CI/CD processes with Azure DevOps, deploying over 40 code changes monthly.
- Developed and maintained applications using MVC and ASP.NET Web Forms, implementing best practices that enhanced team productivity by 20%.
- Collaborated with analysts and clients to clarify requirements, which improved project efficiency by 20% and client satisfaction by 15%.
- Monitored registrations and implemented banner messages, which increased user engagement by 15% and reducing registration errors by 10%.

Tech Stack: C#, ASP.NET (MVC, Web Forms), Azure DevOps (CI/CD)
Project Details:

- **The Open University:**A leading public distance learning and research university in the UK, serving a global community of undergraduate and postgraduate students.
  - **Student Home**: Improved user experience for the student registration and qualification management platform.
  - **Module Chooser**: Improved the module selection and management system, increasing student satisfaction.
  - **OTIS1BD**: Developed features for detailed future study options, streamlining the registration process.
  - **Product Description**: Enhanced the application to offer detailed information on academic products and services.
  - **Qual Reg**: Improved the registration system for qualifications and academic credentials, increasing efficiency.

INTERN, INFOSYS   FEB 2021 - MAY 2021
Project: Routemap Application
Responsibilities:

- Developed the Routemap application for route planning, which improved navigation efficiency by 25% and reduced travel time by 15%.

Tech Stack: .NET, HTML, CSS, MySQL

SKILLS

- **Languages:** C#, JavaScript
- **Database:** SQL
- **Frontend:** HTML, CSS
- **Frameworks:** ASP.NET, MVC, Web API
- **Tools:** Azure DevOps, Visual Studio
- **Soft Skills:** Strategic Thinking, Communication
